

HOW TO BOOK YOUR MRI APPOINTMENT

Le Centre d'IRM de la Vallée de l'Outaouais
Ottawa Valley MRI Centre

Two clinics, one team.....
Deux cliniques, une équipe!

Step-By-Step Guide On Our Process

Follow these simple steps to ensure the best possible service with minimal wait times!

Appointments are usually given within the same week of booking.

Send Us Your Medical Requisition

Send us your medical requisition signed by a licensed doctor. You may email us the document or ask your doctor to FAX it directly to us. Please ensure that the requisition is signed and that all pertinent information is included to avoid any additional delays (name, phone number, DOB, clinical information, etc.)

Wait Until WE contact you (48 business hours)

Upon receiving your medical requisition, our team will undertake the necessary steps and contact you for an appointment WITHIN 48 business hours. If we do not contact you within 48 business hours, please give us a call and we will provide you an update concerning your demand.

Please DO NOT contact us before 48 business hours.

Book Your Appointment

After completing the necessary steps from our end, someone from our team will contact you via telephone to book your appointment. They will ask you a series of security questions to ensure that a safe MRI exam can be performed, as well as confirm the price for the procedure requested. An appointment will only be given if everything is deemed safe and the price is confirmed.

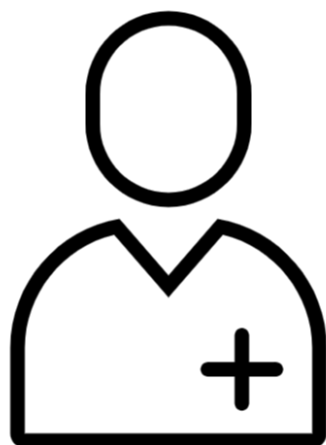

Arrive To Your Appointment 15 Minutes EARLY

On the day of your appointment, please arrive 15 minutes early as you will need to fill out some documents et change into a medical gown.

Note: please remove ALL metal accessories BEFORE leaving for your appointment and arrive with a mask.

Our clinic reserves the right to refuse any patient that arrives late (less than 15 minutes early.)

After Your Exam

Once your exam is completed, your referring doctor will receive a detailed report within 48 business hours by FAX.

Please discuss all questions related to the report with your referring doctor. Our administrative staff are not licensed healthcare professionals and so will be unable to assist you with any questions you may have.
